| THIS IS A NEW CONTRACT |
|-------------------------------|

This Contract resulted from Bid GL5024

Contact Dan Reisner @ (801) 538-3216 for state Freight Rates.

This contract covers only those items listed in the price schedule. It is the responsibility of the agency to ensure that other items purchased are invoiced separately. State agencies will place orders directly with the vendor (creating a PG in Finet) and make payments for the same on a PV referencing the original PG. Agencies will return to the vendor any invoice which reflects incorrect pricing.

HEAVY DUTY PICNIC TABLE SPECIFICATIONS STANDARD AND WHEELCHAIR ACCESSIBLE

PRICING

- 1- Heavy Duty Picnic Table with 8 foot seat planks (PTHG-08)

\$419.00 each (FOB destination freight prepaid and allowed)

- 2- Heavy Duty Picnic Table with 6 foot seat planks (PTHG-06HC) - wheelchair accessible

\$419.00 each (FOB destination freight prepaid and allowed)

Note: wheelchair accessible tables may be purchased from contract PD1486 until 03/25/05 at \$418.00 delivered, or \$312.00 FOB origin.

MINIMUM SPECIFICATION

The minimum specifications for standard and wheelchair accessible (ADA) tables contained herein are based on National Recreation Systems PTHG -08 (standard) and PTHG-06HC (ADA) specifications.

MINIMUM ORDER

The minimum order quantity is five (5) tables.

FRAMES

Shall be of unit-welded 2-3/8" OD steel pipe construction (.154 wall thickness_ (ASTM A-120). Seat and top supports shall be 2" x 2" x 3/16" steel angle (ASTM A-36). The brace shall be 1-1/2" x 1-1/2" 3/16" steel angle (ASTM A-36) and the brace supports shall be 1/4" x 2" hot rolled steel bar (ASTM A-36). No mechanical fastening of seat supports, legs or top supports shall be permitted. The entire understructure shall be hot-dipped galvanized after fabrication.

SEAT AND TABLE PLANK – PTHG-08

Shall be aluminum, fluted, non-skid surface with decal flat NRS Part #P210AL, nominally 2" x 10k", with actual cross-section dimensions of not less than 1.75" high x 9.5" wide, wall thickness nominally .078" for impact and deformation resistance. The table and seat plank shall be 8' long. Plank shall have two inboard legs equal in height to the two outer legs for maximum support, stability, and resistance to torsion. Plank shall be capable of supporting a live load of 120 pounds per foot when supported on 6' centers. Seat plank shall be of aluminum alloy 6063-T6, and have a clear anodic coating (204R1) applied in accordance with AAS Standard AA-M10C22A31.

SEAT AND TABLE PLANK – PTHG-06HC

Shall be aluminum, fluted, non-skid surface with decal flat NRS Part #P210AL, nominally 2" x 10k", with actual cross-section dimensions of not less than 1.75" high x 9.5" wide, wall thickness nominally .078" for impact and deformation resistance. The tabletop planks shall be 8' long. The seat planks shall be 6' long. Plank shall have two inboard legs equal in height to the two outer legs for maximum support, stability, and resistance to torsion. Plank shall be capable of supporting a live load of 120 pounds per foot when supported on 6' centers. Seat plank shall be of aluminum alloy 6063-T6, and have a clear anodic coating (204R1) applied in accordance with AAS Standard AA-M10C22A31.

**END CAPS**

Shall be extruded aluminum, 6063-T6 alloy, and shall be clear anodized (204R1) AAS Standard AA-M10C22A31. End caps shall be field installed, mechanically fastened on the underneath side of the plank with rivets to reduce vandalism and damage, and shall have smooth edges for safety. The tabletop end cap shall be one continuous length.

CLIP SETS

Clip sets shall adequately connect seat and foot planks to the supporting structure. All planks shall be connected to the supporting structure using four-way adjustable aluminum clips (6063-T6 alloy) and carriage bolts, nuts, and lock washers of 5/16" steel. Fasteners shall be zinc plated.

PACKAGING

Tables shall be shipped unassembled and hardware packaged separately.

WARRANTY

The above shall carry the following minimum warranties:

- | | |
|-----------|--|
| 1 year - | Failure of structural strength in any component. |
| 5 years - | Anodized finish of seat plank will not blister, crack, peel or flake due to weather, temperature changes, and continued exposure to rain, snow, or UV rays from the sun. |

SHIPPING INSTRUCTIONS

F.O.B. origin pricing on both tables is \$325.00. Current State freight contracts may save you up to 50% on delivery charges. Contact Dan Reisner, Freight Manager for the State of Utah, (801) 538-3216 for freight and shipping instructions.
